Subject: A Matter of Truth, Dignity, and the Legacy of 1804 — An Open Letter from the Haitian People

---

Your Excellency,

You stood before the United Nations General Assembly and declared:

"There is no Dominican solution to the Haitian crisis. The solution is in Haiti, and the international community must make it possible there."

"Haiti is the clearest example, it is a threat to the peace of the region."

"Enforce the arms embargo on Haiti."

We agree with one thing: there is no Dominican solution to Haiti's crisis. But there is a Dominican role in the crisis — and it is destructive.

We write to you today not with anger, but with the truth of history and the documented evidence of the present.

I. THE WEAPONS FLOWING INTO HAITI

You called for "enforcing the arms embargo" on Haiti. This is the most important thing you have said — because it is a confession.

You are admitting the embargo is not being enforced. And the documented evidence proves the weapons are flowing through your own territory.

The United Nations Panel of Experts has confirmed that weapons from the United States are trafficked through the Dominican Republic into Haiti . In February 2025, Dominican authorities intercepted a shipping container from Miami destined for Haiti containing 23 undeclared firearms — including .50-caliber rifles — and over 36,000 rounds of ammunition .

Your border wall does not stop these weapons. It stops Haitians fleeing the violence that your country helps sustain.

II. THE MASS DEPORTATIONS AND ABUSES

You speak of "applying your migration laws." Let us examine those laws.

· 670,000+ Haitians deported since October 2024
· Mass roundups — over 1,000 Haitians deported in a single day
· Racial profiling and detention in inhumane conditions
· Denial of healthcare — hospitals must register immigration status and deport patients after treatment. Pregnant women and children are turned away

A Haitian teenager was strangled to death in a CONANI home. An 11-year-old Haitian girl drowned in front of teachers who did nothing. These are not isolated incidents. They are the result of a systemic dehumanization of Haitians and Dominicans of Haitian descent.

III. THE HISTORICAL VIOLENCE YOU REFUSE TO ACKNOWLEDGE

In 1937, the Parsley Massacre killed thousands of Haitians in the Dominican Republic. The "necropolitics of statelessness" continues today — the retroactive revocation of citizenship for hundreds of thousands of Dominicans of Haitian descent, condemning them to social death .

Your government promised to maintain the tough stance against Haitians and built the border wall in 2022. You have reiterated solidarity with the Haitian people — while your policies dehumanize them.

You call Haiti "a threat to the peace of the region." Let us be clear: Haiti is not the threat. The corrupt network that has destroyed Haiti is the threat — and your country is part of that network.

IV. THE LEGACY OF 1804 — WHY THIS MATTERS TO THE WORLD

Your Excellency, you speak of sovereignty. Let me remind you of what Haiti taught the world.

Haiti is the mother of human rights.

The Haitian Revolution of 1791–1804 was the first movement in world history to concretize the principles of liberty, equality, and fraternity — principles proclaimed in 1789 by the French Declaration of the Rights of Man, but never applied to Black and colonized peoples until Haiti forced the world to confront them .

Toussaint Louverture, the world's first Black statesman to articulate universal human rights, did not fight for racism. He fought for the humanity of all people.

Emperor Jean-Jacques Dessalines did not fight for division. He fought for the unity of a people determined to be free.

Captain Capois La Mort did not fight for hate. He fought for the dignity of a nation.

These men did not fight for racist intent. They fought for universal freedom. They defeated Napoleon's armies not to enslave others, but to liberate the enslaved. Haiti was the first state in the Americas to permanently abolish slavery, outlaw color prejudice, and forbid colonialism .

A true leader unites. A true leader does not divide.

V. OUR DEMANDS

We demand that the Dominican Republic:

1. Stop the flow of weapons to Haitian gangs — enforce the embargo, close the trafficking routes, and hold Dominican nationals accountable
2. End racist deportation policies — stop the mass roundups, the racial profiling, and the denial of healthcare to pregnant women and children
3. Stop the abuse of Haitian migrants and Dominicans of Haitian descent — investigate the CONANI death, the drowning, and all acts of violence
4. Respect Haiti's sovereignty — stop presenting Haiti as a threat while enabling the crisis
5. End all complicity with the corrupt networks destabilizing Haiti

---

VI. TO THE WORLD

The Haitian people are not asking for charity. We are not asking for pity.

We are asking for justice.

We are asking the international community to see the Dominican Republic for what it is: not a bystander, but a participant in the crisis.

Haiti will not be erased.

L'union fait la force

The Haitian people demand that Alix Didier Fils-Aimé and his corrupt government step down. He was not chosen by the people. He does not speak for the Haitian people.

We demand a clean, Haitian-led transition. We demand justice for Jovenel Moïse. We demand that Haiti be allowed to write its own future.

Viv Ayiti!
